What is Strictly Business?

As the leading media company in the Historic Triangle, our commitment is to bring people together. We do this every day, online at WYDaily.com and on-air at 92.3 The Tide. Strictly Business is our way of making our virtual community a literal one, gathering local newsmakers and consumers who have a common commitment to community through a FREE networking event

What they are saying:

"The well-organized events are a great opportunity to meet and network with a wide variety of representatives from numerous fields, all while enjoying great food and drink supplied by local vendors. They serve as a great reminder of Williamsburg's extensive and vibrant business community!" - Vicki Smith, The Optimal Service Group

"Strictly Business was THE event to be at! It was a great event to learn more about local companies and their offerings and meet other business professionals. I really enjoyed Speed Networking and made several new connections. I look forward to Strictly Business 2023!" -Haley Morgan, TechArk
